Demonstration For Fourth Liberty Loan Staged This Morning.—Citizens Make Earnest Appeals.

Maryville gave expression this morning to its feeling regarding slackers who refuse to do their part in the Fourth Liberty Loan—the disloyal and unpatriotic citizen, and the man or woman who fails to measure up to the standard of 100 per cent American will find his or her name in big yellow letters across the face of a slacker board erected in the court houes yard.

The demonstration this morning was a spontaneous outburst of Americanism not serve to hide the names—if any there may be—of those who will have been proved shirkers and slackers.

HENRY HAWK IS ARRESTED BY BUCHANAN CO. AUTHORITIES

A STOLEN CAR HERE, TOO

St. Joseph Business Man Identifies an Auto Found in an East Side Garage.—Other Arrests May Follow.

With the arrest here last night of Henry Hawk charged with the theft of an automobile at St. Joseph, important developments are expected in connection with the theft of cars that have been stolen in this vicinity within the past two months. Hawk was arrested here by Sheriff Isaacson of St. Joseph,

America Can Do It—Americans Must Do It.

Washington, Oct. 18.—Reports and estimates up to noon Thursday amount to $4,000,000, leaving at least $2,000,000 to complete the Fourth Liberty Loan.

Only two days are left within which to raise this vast sum.

No country on earth but America could raise so vast a sum in so short a time.

America can do it and must doit.

The destinies of the world and the hopes of civilization are centered on America. We shall fail in everything we have fought for and hope to gain in this war if the Fourth Liberty Loan is defeated.

Let every true American citizen today examine himself under the white light of Patriotism and say whether or not he has done his utmost in this emergency.

The highest obligation of duty and patriotism demands every true American go immediately to his bank or to his Liberty Loan committee and subscribe to the limit of his ability to the Fourth Liberty Bonds.

Don't delay—don't wait to be urged. Be as quick to do your part in this Fourth Liberty Loan battle as our soldiers in France are quick to obey the order to charge the enemy.

Buy Liberty Bonds on the installment plan if you cannot buy them for cash. Every patriotic bank will help you if every patriotic citizen will do his duty today. Victory for the Fourth Liberty Loan is certain. The continued victories of our armies in Europe, the certain defeat of our enemies and the glorious triumphs of the cause of Liberty depend upon what the American people do in the remaining two days of the Fourth Liberty Loan campaign.

DOCTORS TO MEET

WILL DISCUSS INFLUENZA SITUATION TONIGHT

3 NEW CASES REPORTED

Schools May Be Ordered Closed for Another Week.—Country Undertakers Permit Caskets to Be Opened.

A meetfng of the physicians of the city will be held tonight at the Physicians building to discuss the influenza situation and to decide whether or not the ban will be lifted permitting the schools, churches, picture shows and other public places to reopen. Just what action will be taken cannot be forecasted at this time.

Three new cases of influenza were reported to Dr. F. M. Ryan, city physician today for quarantine. None of the new cases have as yet developed any serious complications. Five cases were released from quarantine yesterday evening and this morning, according to Dr. Ryan.

"I have heard that it is said that there are more cases than are reported," said Dr. Ryan. "Twenty families have been under quarantine and the number of cases have been in excess of that number, there being, in several families two and three persons suffering with the disease."

It has been brought to the attention of the city and county health authorities that undertakers conducting funerals in the country are permitting public funerals of persons who have died with pneumonia following influenza, and have even allowed the casket to be opened that the remains may be viewed.

It is pointed out that this is in direct violation of the law which says that all funerals of influenza victims must be private and that the casket must not be opened.

At a funeral in the northeast part of the county Wednesday of a soldier who died at a training camp with influenza followed by pneumonia, it was estimated that 2,000 persons attended. The casket was opened and hundreds crowded up close in order to view the remains.

Undertakers who permit the practise are liable to prosecution for neglect to comply with the health regulations.

and more directly an expression of loyalty to the Fourth Liberty Loan and the men who are working hard to put Nodaway over the top with its quota of a million and a quarter.

The demonstration didn't last long, but it was full of pep while it did last, some five or six hundred men and women taking part in it. Someone suggested a "Slacker Board" be erected in the court house yard where the names of the men who have shirked their duty might be made public. The suggestion met with quick response and in a short time a big blackboard designated as above was secured. The next thing was to get a crowd to assist in the dedication ceremonies, and, starting around the square, the little bunch got new recruits as each store was passed. Many closed and locked their doors and invited all their employees to join in the procession. More than one hundred women in line sang "Keep the Home Fires Burning," while the men waved their hats and shouted invitations to those who flocked to doors and windows to learn what it was all about.

Reaching the court house yard the big board was nailed in a prominent place on one of the trees on the lawn. After the board was in place, L. C. Cook dedicated it to the "shame of those in the community who had failed to do their duty in supporting to the limit of their ability the government in this emergency in not purchasing Liberty Bonds." "Let the finger of scorn be pointed at them," said Mr. Cook, "and may they be made to feel there is no place in this community for them." Cheers greeted his short speech.

W. A. Blagg declared if there were men in the community who could not be made to see their duty in this time of trial that they should be ostracised. In an earnest appeal he urged the purchase of Liberty Bonds to the limit.

Geo. Robb Ellison, a member of the Liberty Loan Campaign executive committee said such outspoken sentiment as was evidenced in the crowd that had gathered was sufficient guarantee that the people were in sympathy with the work of the committee and that the committee in turn would be obligated to do their part in bringing every influence possible to bear that the county might not be classed in the slacker column when the returns for the Fourth Libery Loan were in Saturday night.

A light will be placed at the top of the "Slacker Board" and darkness will

who declared he had "the goods" on Hawk, one of the gang of which he was a member, having confessed to the theft of the car.

The Buchanan county officer was accompanied by a St. Joseph business man and following the arrest of Hawk they went to a garage in the east part of town where a stolen car was believed to be stored. The car, a Ford, was found, having been left by Page Fite. The St. Joseph man identified it and a request was made of Sheriff Dowden to allow it to be turned over to the owner. Fite's attorney threatened replevin if the automobile was moved. As the car was out of commission, being almost a wreck, it was decided to let it say. Later Sheriff Isaacson said he guessed he would take it along anyhow, and secured a piece of rope to tow it to St. Joseph. Fite was missing from his regular haunts and a search by the sheriff failed to locate him.

In conversation with Deputy Sheriff Gus Romasser, the St. Joseph man, whose name was not learned, said that Hawk, who went with them when they visited the east end garage to find the stolen car, advised him to leave the old car here as it was not worth taking back. "Give $50 and I'll get you a good car," he said Hawk told him.

Sheriff Isaacson visited two other places looking for stolen cars. At the Star barn two cars were found, both of them having their numbers knocked off. The sheriff failed to identify any other car.

While the Buchanan county officer and his companion were at supper Hawk was taken to the county jail for safe keeping. Questioned by Romasser as what he was arrested for Hawk declared "there is nothing to it. Them guys haven't got anything on me, don't you worry."

At the time of his arrest Hawk was out on bond, awaiting trial on the charge of violating the local option law. He was convicted in police court and appealed his case, giving bond in the sum of $500.

Following the taking of the car by Sheriff Isaacson this morning, Ellis Cook, attorney for W. A. ("Page") Fite filed suit against Sheriff Isaacson and John Dowden asking damages in the sum of $200, and charging unlawful seizure of an automobile owned by the plaintiff.

MUST GET $150,000

NODAWAY NEEDS THAT MUCH TO REACH ITS GOAL

JUST 1 MORE DAY TO BUY

The Fourth Liberty Loan Will Close Tomorrow Night.—Nodaway Must Not Be in Slacker Column.

With part of today and but one more full day remaining—it is announced subscriptions to the Fourth Liberty Loan will close tomorrow night—Nodaway county has not yet reached its quota of $1,282,750. "It is within reach and by hard work for the next twenty-four hours we'll go over" said Chairman W. C. Pierce this morning.

About half the townships in the county have secured their quotas. Some are almost there and a few are behind as much as twenty per cent. Polk township still lacks twenty per cent of having its required quota.

The soliciting committee are having gratifying success and are listing many new subscriptions as well as doubling up on a few and getting additional amounts on others.

There are some wealthy men—and women, too, for that matter—who are hiding out from the committee. At one place visited yesterday, the home of a wealthy resident, the blinds were down, the buggy and automobile were in their places and the family dog, always ready to stop intruders when the family is away, wagged his tail in greeting as the committee went to the door. There was no response to their knocks, however.

At another place the committee walked through corn fields and over plowed ground in an attempt to locate a wealthy country resident. He had seen the committee coming and hurriedly "beat it" to the sticks.

There still remains to be subscribed an approximate total of $150,000 to put Nodaway county over the top, it was estimated this morning by Chairman W. C. Pierce. It looks small beside the quota of a million and a quarter and the various township committees are all agreed that each one will be able to make it.

TO DENOUNCE HUN TRICKERY

Official Washington, Convinced That Wild Peace Rumors Are Peace Camouflage, Try to Nullify Danger to Campaign.

Washington, Oct. 18. — Germany's political crisis is developing very rapidly, according to advices reaching official and diplomatic circles this afternoon. Liberal leaders are a unit in demanding that an early peace be made on the best terms that may be obtained. The junker and war party leaders are temporizing, seeking a way out that will save their prestige. The entire question is expected to come to a head on the floor of the reichstag almost immediately.

Washington, Oct. 18.—Officialdom was today more determined to denounce the Hun trickery in connection with wild peace rumors now being fathered by Berlin. As time goes on it is shown various reports of impending capitulation, abdication and new policy of conciliation emanating from Berlin are simply additional German peace camouflage. Officials here are renewing their efforts to nullify any danger from the campaign.

London, Oct. 18.—"There is a revolution here," said an invisible ink post card received in Amsterdam from Berlin, according to a dispatch to the Daily Mail today.

"WORTH WEIGHT IN GOLD," HE SAYS

Howard Gains 14 Pounds by Taking Tanlac—Lays Walking Cane Aside.

"Well, I have actually gained fourteen pounds in the past six weeks by taking Tanlac and now I'm going back home a well man and go to work just like I used to before I got sick." This interesting and remarkable statement was made by Henry S. Howard, a well known farmer and stock raiser of King Hill, Idaho, while purchasing more of the medicine in Salt Lake recently.

"I have suffered from rheumatism and indigestion for twelve years," continued Mr. Howard. "I had gotten to where I could hardly eat a thing, because everything went against me and besides I had no appetite. Every joint in me was swollen with rheumatism, and hurt so I could hardly bear to be touched. I was in such a bad fix I couldn't work, so I decided to come down here and go to a hospital for treatment.

"When I got here six weeks ago, I was so crippled up I had to use a walking stick in order to get along at all. My daughter, who lives here, got to begging me to try Tanlac, but I had tried so many things that did me no good, that I had no faith in Tanlac either. But she insisted, until just to please her, I decided to try it. The first bottle made a great change in my feelings. My rheumatism soon left me, so I threw my stick aside, and now can walk as good as anybody.

"And eat, why I just can't get enough. I believe I feel all of twenty years younger, and its the first time in that long time that I have felt like myself, and I feel like I could do as much work as I ever could. Well, the hospital has had one less to treat, but I have saved a good many dollars and have gotten rid of my troubles, besides and when I get home the folks who knew what a bad fix I was in are going to be surprised to see such a difference. Tanlac is worth its weight in gold, and it has convinced me that there's at least one medicine that will do what they say it will and I want to do my part in letting everybody know about it."

Tanlac is sold in Maryville by The Koch Pharmacy. Adv.

Ugly, Unsightly Pimples Are Signals of Bad Blood

Give Heed to the Warning.

Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire.

They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drugstore, and get a bottle of S. S. S. today, and get rid of those unsightly and disfiguring pimples, and other skin irritations. And it will cleanse your blood thoroughly. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 29 Swift Laboratory, Atlanta, Georgia.

FIX THE GIFT RULES

A COMMITTEE WILL GIVE OUT CARTONS FOR SOLDIERS' LABELS

FOR THE BOYS OVERSEAS

Christmas Remembrances Must Be Sent in Standard Containers, Subject to the Regulations.

Definite arrangements have been completed by the War Department, the Postoffice Department and the American Red Cross whereby relatives and friends of men in service with the American Expeditionary Forces may send a Christmas package of standard size and approximately of standard contents.

One Christmas parcel label now is being issued to every man overseas, with instructions the label is to be sent to some relative or friend who will present the label to the Christmas parcels committee at one of the fourteen Red Cross branches in Nodaway county beginning November 5, and receive without charge one carton 2x4x9 inches in size. One must show a label in order to get a carton and the label is to be kept by the relative or friend until the parcel is turned over to the committee to be mailed.

In Maryville, an employee of the post office will be on hand at the Red Cross rooms to inspect the packages and to see that the post office regulations are complied with. Further announcement of the plan will be made later on. At the other branches over the county, the postmasters in each of these towns will be requested to act as a member of this committee and to select what other members of the committee that are needed.

A List of Don'ts.

Following is a list of the principal classes of articles which are unmailable:

All spirituous, vinous, malted, fermented or other intoxicating liquors.

All kinds of poison and all articles and compositions containing poison.

Explosives of all kinds.

Inflammable materials, including friction matches.

Infernal machines and mechanical, chemical or other devices of composition which may ignite or explode. (Note—Under this classification would come cigarette lighters, etc.)

Liquids or liquefiable articles, fragile articles and other admissible matter, when not packed in accordance with the requiremtns of the postal laws and regulations.

All articles which may kill or in any wise injure, harm or injure another, or damage or deface or otherwise injure the mails or other property.

Nothing which will not keep fresh from the time of packing until Christmas.

Send Only "Hard Candy."

These other suggestions and rules have been made:

Dried fruits and other food products should be packed in small tin or wooden boxes, one-quarter to one-half pound sizes.

Hard candy, including chocolate, would probably be safe in tin foil or heavy cardboard, but no soft chocolate nor anything that could possibly be crushed should be used, as the remaining contents of the package might be spoiled thereby.

Several dainties packed in oblong tin boxes holding each a quarter of a pound will provide a better variety for a packet than a larger quantity of a single confection.

No liquids nor articles packed in glass should be placed in the package.

For wrapping the gifts use a khaki colored handkerchief, twenty-seven inches square.

No note, message or written matter may be included in the contents of the parcel.

No Christmas parcel will be accepted by the Red Cross for shipment after November 20, 1918.

When completely packed, but wrapped and untied, the weight of the carton must not exceed two pounds, 15 ounces.

The carton when packed will be presented unsealed to the Red Cross Christmas parcels committee at the postoffice, where inspectors will examine the contents to exclude articles barred by the Postoffice Department, remove any note or message found among the contents, and wrap, tie and weigh the parcel. The committee will place on the parcel the Red Cross inspector's label and receive from the person sending the parcel the label bearing the soldier's overseas address. So be sure to save the label.

The person sending the parcel will affix postage sufficient to carry the parcel to Hoboken, N. J. The postage charges for Christmas packages will be at the rate of fourth class, or parcel post zone rate.

WAR WORK

American women nurses are installed eight miles in the rear of the fighting lines "over there." Right here at home many women should learn nursing to take care of the sick or, in emergencies, the wounded. You can learn a great deal by obtaining the "Medical Adviser" a book of 1,000 pages, bound in cloth, containing chapters on First Aid, Bandaging, Anatomy, Hygiene, Sex Problems, Mother and Babe, 300 prescriptions for acute and chronic diseases; profusely illustrated by wood cuts and colored plates. Ask your druggist or send 50c. to Publisher, 663 Main Street, Buffalo, N. Y.

If a woman is nervous or has dizzy spells, suffers from awful pains at regular or irregular intervals she should turn to a tonic made up of herbs, and without alcohol, which makes weak women strong and sick women well. It is Dr. Pierce's Favorite Prescription. Then, for the liver and bowels nothing is so good as Dr. Pierce's Pleasant Pellets.

OAKWOOD, Tex.—"For 15 years Dr. Pierce's Remedies have been my household standby. Several times when I have been worn-out with over-work and the care of my family I have been wonderfully strengthened by taking 'Favorite Prescription,' and I first discovered the value of 'Golden Medical Discovery' when my first baby was six months old. I caught a heavy cold, and then sore mouth developed. The doctors all failed me, and as a last resort I tried the 'Discovery.' I improved from the very start and because it built up my strength so easily I kept on taking it until I had taken six bottles."—MRS. EMMA CLARK, Box 159.

SPANISH INFLUENZA

What it is and How it Should be Treated

This Disease, Authorities Now Agree, Is Simply the Old Fashioned Grip That was Epidemic in 1889-90. Then It Came from Russia by Way of France and was Given the French Name la Grippe. This Time It Comes by way of Spain.

Spanish Influenza, which Appeared in Spain in May, has swept Over the World in Numerous Epidemics as Far Back as History Runs. Hippocrates Refers to an Epidemic in 412 B. C. Which Is Regarded by Many to Have Been Influenza. Every Century Has Had Its Attacks. Beginning with 1831, This Country has had Five Epidemics, the Last in 1889-90.

THE SYMPTOMS.

Grip, or influenza as it is now called, usually begins with a chill followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression. The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the muceous membrane, or lining of the air passages — nose, throat and bronchial tubes—there is usually a hard cough, especially bad at night, often times a sore throat or tonsilitis, and frequently all the appearances of a severe head cold.

THE TREATMENT

Go to bed at the first symptoms—take a purgative, eat plenty of nourishing food, remain perfectly quiet and don't worry. Nature herself is the only "cure" for influenza and will throw off the attack if only you conserve your strength. A little Quinine, Aspirin or Dover's Powders may be given by the physician's directions to allay the aching. Always call a d octor, since the chief danger of grip is in its weakening effect upon the sy s tem, which allows complications to develop. These are chiefly pneumonia and broncnitis, sometimes inflammation of the middle ear, or heart affections. For these reasons, it is very improtant that the patient remain in bed until his strength returns—stay in bed at least two days or more after the fever has left you, or if you are over 50 or not strong, stay in bed four days or more, according to the severity of the attack.

EXTERNAL APPLICATIONS

In order to stimulate the lining of the air passages to throw off the grip germs, to aid in loosening the phlegm and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck, as the heat of the body liberates the ingredients in the form of vapors. These vapors, inhaled with each breath, carry the medication directly to the parts affected. At the same time, VapoRub is absorbed thru and stimulates the skin, attracting the blood to the surface and thus aids in relieving the congestion within.

NO OCCASION FOR PANIC

There is no occasion for panic—influenza or grip has a very low percentage of fatalities—not over one death out of every fou rhundred cases, according to the N. C. Board of Health. The chief danger lies in complications arising, attacking principally, patients in a run down condition—those who don't go to bed soon enough, or those who get up too early.

HOW TO AVOID THE DISEASE

Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly thru coughing, sneezing or spitting. So avoid persons having colds, which means avoiding crowds—common drinking cups, roller towels, etc. eep up your bodily strength by plenty of exercise in the open air, and good food.

KEEP FREE FROM COLDS

Above all, avoid colds, as cold irritate the lining of the air passages and render the mmuch better breeding places for the germs.

Use Vick's VapoRub at the very first sign of a cold. For a head cold, melt a little in a spoon and inhale the vapors, or better still, use VapoRub in a benzoin steam kettle. If this is not available, use an ordinary tea-kettle. Fill half full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling, and inhale the steam arising.

NOTE: Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine in salve form Menthol and Camphor with such essential oils as Eucalyptus, Thyme, Cubebs, etc., so that when thesalve is applied to the body heat, these ingredients are liberated i nthe form of vapers. VapoRub can be had in three sizes at a ll druggists. While comparatively new in certain parts of the North, it is the standard home remedy in the South and West for all forms of cold troubles—over six million jars were sold last year. VapoRub is particularly recommended for children's croup or colds, as it is externally applied and can, therefore, be used freely and often without the slightest harmful effects.

MILK TOAST DIET TOO MUCH FOR HER.

"I doctored for years with only temporary relief. My liver was very bad, after eating I would always have such a fullness in my stomach and my heart would palpitate. I could not eat milk toast without distressing me. Since taking a course of Mayr's Wonderful Remedy, more than a year ago, I can eat anything my appetite desires." It is a simple, harmless preparation that removes the catarrhal muceous from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Adv.

Has Made a Good Judge.

Jesse F. Robertson, the present probate judge, has made one of the most efficient officials that office has ever had. He is a lawyer by profession and racticed for a number of years in Burlington Junction until appointed by the governor to succeed the late Judge Conn. Being an attorney, he is well versed in all that pertains to this very important office, as it deals principally in settling estates, which one must e very careful in doing. It takes a lawyer to pass on many questions that arise between heirs. You cannot do better than to put Judge Robertson back in this important office for another term at the election to be held on November 5.—Parnell Sentinel.

Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:

"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

A Big Victory.

Six hundred thirty-four Maryville citizens voted last week to have light while 119 cast their ballot favoring dark streets—and a little more loose change in their pockets. Beats the world how some people worship the filthy lucre. But it was a big victory for the progressive element of Maryville—which is always in the majority. —Burlington Junction Post.

Here From Maitland.

Tom Groves and son, Charles, living near Maitland, were in the city yesterday looking after business matters.

Leave for Oklahoma.

Mr. and Mrs. Eugene Graves of Okmulgee, Okla., who came to Maryville to attend the funeral service for Virgil Wiles, the son of Mr. and Mrs. T. A. Wiles, who was buried yesterday returned to their home this morning.

Card of Thanks.

We wish to thank all those who so kindly assisted us during our sad bereavement and for the beautiful floral offerings.
